Chairman's Message

Year 2013 is an important year for HKRA. We have a big event "HKRRTC" in June which is chaired by HKRA and Co-chaired by HKCRRT and HKART.

Year 2013 is also our election year. New Team of Ex-Co will strive to create new experience for our members.

Looking into 2014, we are heading to:

- * Improve members' participation and will try out new activities like Film Show and Basket Ball Competition. More is coming.....
- * Promote academic opportunities by collaboration with other Professional Organizations and sponsor our members to attend Overseas Conferences.
- * Build a Platform for Radiographer CPD repositories through our well-designed "Program Calendar". CPD recording become as easy as a click...
- * Introducing our Profession to others including other professional or even the public. This is essential to build our professional image.

Finally a well-balanced work life is crucial to our health. Wish you all work hard, learn hard and play hard in 2014.

Edward Wong

New Member Recruitment Promotion

-Join as new members, Annual fee is just HK\$150 (while HKART member is HK\$60)

-Join as new members in 2014 with Application fee waived (HK\$100)

-Join as Guest to keep updated from HKRA (free) and enjoy the CPD recording platform

Education & Events

Professional Collaboration

Starting from July 2013, **HKRA** had further our collaboration with other Professional Organizations to promote members' privilege, organization include **the Hong Kong Institute of Physicists in Medicine** (<http://hkipm.org/>) and **Hong Kong Radiological Technologists' Association** (<http://www.hkrt.a50g.com/>). HKRA members will be free or paid very much less than non-members to join their courses. We think that through this kind of collaboration, you as members can enjoy more opportunities to enrich your scope and knowledge. Please visit our website for more details (<http://www.hkra.org.hk/course/list.do>)

Annual Scientific Meeting 2014

Coming in April

DOSEWISE RADIOGRAPHER OF THE YEAR 2014 COMPETITION (<http://www.dosewise.com/>)

Submit your dose reduction project to ISRRT and win a trip to Helsinki !

Sponsorship for Overseas Conference Presentation

HKRA encourages members to actively participate in research and improvement projects of their work. However, presenting their projects or research papers in overseas conferences would require costly traveling expenses. The conference sponsorship scheme has recently been reviewed to allocate more funding for our members in such activities. Members are welcome to apply for the sponsorship from the Association by submitting the application form, which can be downloaded from our [website](#).

Important Conference Dates in 2014

ECR - Vienna, Austria (March, 2014)

JRC - Yokohama, Japan (April, 2014)

ISRRT - Helsinki, Finland (June, 2014)

CSIT - China (September, 2014)

KCR - Seoul, Korea (October, 2014)

RSNA - Chicago, USA (December, 2014)

Conference & Presentations

Conference attended by our Members and Executive Committee members

August

21st Nationwide Scientific Congress of Chinese Society of Medical Imaging Technology

Mr. Edward Wong, Mr. Derek Kwan and Mr. Anthony Chan participated in the Congress held in Beijing on 15-18 August 2013, under the sponsorship of Carestream Health. Mr. Edward Wong also delivered a talk there. As the Vice-President of International Society of Radiographers and Radiological Technologists, Dr. Maria LAW joined the Congress. Mr. NGAN Tsz Lung was presented with the Outstanding Award for his oral presentation at the English Session.

September

Conference on Macau Radiology 2013

The Conference, jointly hosted by Macao Radiology Association and Macao Radiological Technologists' Association, took place on 28-29 September at Macao Science Center, on the theme "Academic Forum of Asian Radiological Technologists & Genitourinary Radiology". Mr. Edward WONG, Mr. Cheng WK, Ms. Ada Mok, Mr. Derek Kwan, Mr. Nelson Wan, Mr. Chris Lai and Mr. Joseph Lee attended the Conference. Mr. Chris Lai, Mr. Edward Chan and Mr. Cheng WK delivered oral presentations in the International Free Paper Session. Meanwhile, as a guest speaker, Mr. Edward Wong held a lecture on the topic "CT Radiation Dose Monitoring in Radiology".

November

Hong Kong – Shanghai Radiographic Technology Exchange

The Hong Kong College of Radiographers and Radiation Therapists organized a delegation for sharing the experience in imaging technology and radiographic practice between Hong Kong and Shanghai.

Mr. Edward Wong, Mr. Joseph LEE, Mr. Dave Poh and Mr. Cheng WK joined the Exchange dated 7-10 November 2013. We visited Yanji Hospital, Huadong Hospital, Carestream Health and Siemens Shanghai Medical Equipment there. Dr. Maria Law, Mr. Paul Chan and Mr. Edward Wong conducted talks on the following topics in Mandarin for the seminar co-organized by the College and Shanghai branch, Society of Chinese Medical Imaging Technology, Chinese Medical Association.

- (i) Dr. Maria Law - "Radiographers and Radiation Therapists of Hong Kong - Status and Professional Education";
- (ii) Mr. Paul Chan - "The 2013 Summit Forum on Imaging Technology in Hong Kong and Shanghai";
- (iii) Mr. Edward Wong - "PACS Development in Hong Kong".

Chinese Association of Radiologic Technologists Conference 2013

Representing HKRA, Mr. Edward CHAN, Mr. Derek KWAN and Mr. Nelson WAN attended the Conference on radiation protection and dose optimization launched in Taipei on 10 Nov. 2013.

議會感想

今年八月，第廿一屆中華醫學會影像7技術分會全國學術論壇於北京國家會議中心舉行。很榮幸能代表香港放射技師協會參與其中並發表研究結果。是次學術論壇有多達一千三百多來自不同地方國家的專業人員參加，這寶貴經驗拓寬了我的視野，還提高了我對其他研究題材的興趣。最令人鼓舞的，是我們的研究被大會評為優秀演講論文，並獲頒優秀獎。很高興我們團隊的努力得到業界認同。希望未來還有機會於不同的學術大會分享我們的研究成果。

Coordinator's Voice

Dear fellow colleagues,

As at 1 Aug 2013, out of the 1980 registered radiographers in Hong Kong, about 430 (23%) of them are members of the Hong Kong Radiographers' Association (HKRA), the only registered trade union of radiographers in Hong Kong.

However, in the department I am working now, only less than 10% of my colleagues are HKRA members. As I approached them for the reason of not joining the association, general feedbacks were "What can the Association do for me?" or "What kind of benefits will the Association provide?"

Partly owing to the fact that I am the coordinator of HKRA at PMH, promoting radiographers to join the association is one of my responsibilities, but more importantly, we need to empower our association to advocate our rights by being part of it. Only with a wide representation of its profession, our trade union can embrace its members in negotiating essential issues effectively.

Welfare activities aside, we do expect HKRA to contribute in our career pathway and professional development, as well as continuous education of radiographers. In order to uphold the professionalism of radiographers, and excel our standards of practice, it is important to have our college and trade union working hand in hand. And it is every single one of us who can make them succeed.

In this regard, I would like to share a quote from Nelson Mandela with you,

"It always seems impossible until it's done!"

Mr. Alfred CHAN
