Chan, Wing Chung, Anthony

Chan, Hung Tat, Edward

Mok, Wai Shan, Ada

## **Chairman's Message**

Another half year passed and the demand for Radiographers both diagnostic & therapeutic continuous to stand. Our latest news is those graduated from Tung Wah College can register as Radiotherapist and therefore can help to alleviate the Manpower Shortage.

Although there is Labor Law in Hong Kong that protect us after injury on duty, there is much controversy and grey area where compensation should applied or not. HKRA would start to look into this subject and try to draft some guidelines for the Profession.

We have two new plans to help Radiographers in their

careers; they are Research Fund and Apps Development. You can found more information from other columns in this newsletter.

HKRA just join the Organ Donation Champion and will promote organ donation in Hong Kong. Please consider organ donation and take actions to register.

*Edward Wong*

## Film Show 2017

The film show this year will be held on 25 Nov 2017 at AMC Festival Walk. The movie we will enjoy together will be "Justice League 3D"

## HKPTU (教協)

Member of HKRA now can enjoy the benefits of Hong Kong Professional Teachers' Union (HKPTU). The privilege is valid until 31 July 2018.

Privileges

## What's New

### Frozen salary increment for HA employee

Staff of Hospital Authority recruited after 2002 are not having salary increment for the first 2 years after they joined HA and promoted. After a joint meeting with Legislative Council Member Professor Joseph, KL Lee, HA CE Dr PY Leung and representatives of other healthcare

professional bodies, HA management agreed in principle that not to suspend increment after promotion.

Upcoming

Academic

Activities

## Farm Visit (Mar 2017)

We are glad to organize a visit to a farm managed by Mr. Mole Yeung - a radiographer working in NTWC (named as 放射農夫 in a magazine). The farm is near Fairview Park 錦綉花園 and able to accommodate around 30 visitors.

## ASM & AGM 2017 (May 2017)

### Past Activities

ASM and AGM 2017 were successfully held on 16<sup>th</sup> May, 2017 at Royal Garden Hotel. The topic of ASM this year was "Frontiers in MRI". This year is election year. Fifteen mem-

bers were elected as the new executive committee. The new exco will serve and support the association in the coming two years.

## Professional Indemnity Insurance Forum (Apr 2017)

The forum covered

1. Explanation of Professional Indemnity Insurance
2. Coverage and Claim procedures
3. Sharing some real cases
4. Terms of policy and annual fee

### Survey Result from Members

Professional Indemnity Insurance (PII) is common to Professionals. Medical Officers in Hong Kong and Radiographers in UK buy this kind of Insurance every year. We are planning to include the insurance package in our membership (members may pay a corporate rate)...

Is your job secured by any PII? (26 responses)

Which area should be covered by PII? (26 responses)

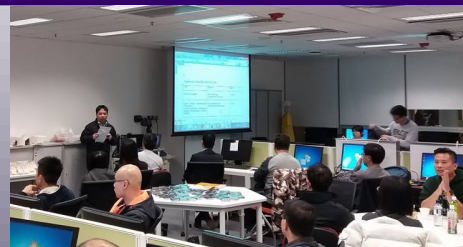

## 21st AACRT (Jun 2017)

Co-organized with HKCRRT and HKART, the 21st AACRT in conjunction with 5th ARS and 3rd HKRRTC was held on 23rd-25th June, 2017 at Hong Kong Science Park. More than 400 participants from all over the world had joined the event. The next AACRT will be held in March 2019 at Adelaide, Australia.

## RECP 2017 (Sponsored by Toshiba and TeraMed)

2 RECP programs were held this year. One is on latest CT image reconstruction and US technology and another focuses on health informatics.

## Meeting New Exco member

It is my great honour to serve as the Welfare Secretary of the Hong Kong Radiographers' Association (HKRA) for the year 2017-19. I am proud to cooperate with a dedicated Executive Committee Team with a strong commitment to the Association. I hope that through the cooperation and concerted efforts of our fellow committees and the members, we can further enhance the achievement of the Association's mission, that is: "To promote professional

development and assure the well-being of diagnostic and therapeutic radiographers in Hong Kong to better serve the public". For those who may not know me, let me briefly introduce myself. I am now working with the University of Hong Kong as a Senior Radiation Therapist at the Clinical Oncology Department of the HKU-Shenzhen Hospital. Certainly, It is a wonderful opportunity for me to be part of the HKRA Committee Team, which allows me to stay

closely connected with radiographers' community and make some contributions to the Association. In the future, the HKRA Committee Team will be meeting more local and international experts, professions and relevant counterparts through conferences, recreational activities to exchange knowledge and experience for better cohesion with our professions. I believe the HKRA will continue to grow through our Committee

Team's participation in activities for the society. I am eager to contribute to the HKRA and excited to work with everyone in the team! For following years, fellow committees and I will organize fun-filled events and welfare activities for all of our members. Hope to see you in the coming welfare events.

Jeff Chan

Welfare Secretary 17/19

E-mail: [hkra@aronbest.com](mailto:hkra@aronbest.com)

[www.hkra.org.hk](http://www.hkra.org.hk)

This is a great pleasure to say Hello to all HKRA members as a new ex-co member. Being a diagnostic radiographer in public hospital for more than ten years, I think it is the time see what I can do for the association as well as the profession. In the position of internal secretary, I can see a group of radiographers and

radiation therapists are eager in developing the profession and promoting the well being and expertise of colleagues. Hope you will be with us and see you in our future events

Lam, Tsan Pun
