## Chairman's Message

While we are celebrating the Chinese New Year of Monkey, it is good to plan for 2016. HKRA will be focusing more on academic events in 2016. Through liaison with different organizations, we can invite Expert/Speakers from profession related fields to our RCEP and deliver talks to enrich our knowledge. A new trial will be the Monte Carlo Introduction course (2016 RCEP-II). Our members from RT will benefit most as they can understand how dose is calculated.

Around 30 Radiation Dose Optimization Ambassadors will finish their studies (20-Feb) and take up a major role in Radiation Protection in their departments.

To prepare for the HKRRTC in 2017, HKRA will sponsor our members to do research and publish in the Conference. \$5000 will be granted for each research project if it is approved by us. For member welfares, starting from 2016, we can enjoy privilege as members of Association of HK Nursing Staff. And we have 3 discount oil cards to choose from...

Edward Wong

## New Members Recruitment

New Members who join HKRA for 2 years and use autopay for payment can get a book as a promotion gift

# Upcoming Activities

## New Year Hiking 2016

Co-organized with HKART

出發日期: 2016 年 2 月 21 日 (星期日) 公眾假期

集合時間: 上午十時正

集合地點: 大埔墟港鐵站 A1 出口乘旅遊巴士直達烏蛟騰起點

人數: 40 人以下 (+帶隊前輩一位)

RSNA	November	USA	<a href="http://www.rsna.org/">http://www.rsna.org/</a>

## Past Activities

### World Radiography Day

To commemorate the 120th year in the discovery of X-ray and 25th year of HKRA, a large-scale exhibition was held in FJ Podium of the Hong Kong Polytechnic University from 7th to 9th Nov, 2015. This event was jointly organized with PolyU Radiography Alumni Association, and Hong Kong Association of Radiation Therapists. The exhibition included many game booths, radiation education talks, models of x-ray equipment and poster presentation.

The Electronic Health Record Sharing System (eHRSS) Bill was passed by the Legislative Council on 13 July 2015. To help participating Health Care Providers to better understand the requirements in using the eHRSS, a Code of Practice for using eHR for Healthcare (COP) was published and sent to you earlier for your information. As access to eHR is governed by the "need-to-know" principle, proper balance between granting appropriate access rights and safeguarding patients' privacy is needed. If you still have any concern and opinion about the eHRSS, please feel free to contact us!

## ASM 2016

Starting from 2016, we will have lots of academic events that can fulfill your annual CPD requirement....

## ASM 2016 Theme Roadmap to future 23 April 2016

## AACRT 2017

**Asia-Australasia Conference of Radiological Technologists** will be held in Hong Kong in 2017. Research grant is open for members who will deliver presentation in the conference. Interested members please contact us for details

## HKRA CPD System

HKRA proudly announced that our CPD system is approved by the HK Radiographers Board. You can login to our website (<http://www.hkra.org.hk>), add your CPD events under 'My Profile', and then print out your record. It is a piece of cake for you to join the Voluntary CPD Scheme. Make sure you fax or email to Radiographers Board before end of Jan, 2016.

Following is a YouTube demo that will help you understand more about how to use our CPD system: <https://youtu.be/crAC7QJiFc>

For non-members, you can join us as "Guest" to make use of our CPD system. Enjoy and start working out your CPD record in 2015!!

## RCEP 2016

Hong Kong Radiographers' Association  
香港放射師協會

Co-organized by HKCRRT MRI Faculty  
Supported by RAA, PolyU

BEAUTIFUL INSIDE AND OUT  
**SIGNA™ Pioneer**  
Envision what you've always wished MR could do.

2016  
RCEP-1

2<sup>nd</sup> Announcement  
Snacks will be provided

Envision this. Pioneering MR technology that creates images sharper than you thought possible. Helping you scan more patients per day than you considered possible. Enabling more comfort and less anxiety than your patients imagined possible. What you've always wished MR could do is here. The SIGNA™ Pioneer allows you to generate images that are breathtaking in all their digital clarity. And with its sleek, intelligent design, it truly is a thing of beauty both inside and out.  
SIGNA™ Pioneer. Envision what you've always wished MR could do.

## Complaint

We recently received a number of complaints about the unfair Hospital Authority policies. First, for staff joining HA after 2002, the salary point will be frozen for the first two years of service, and even after promotion, their salary point increment will also be hold for two years.

Second, the monthly allowance received by staff of same grade and same rank are different; some receive fixed monthly allowance while some receive about 17% of their salary.

In fact, these situations have not yet been improved or changed for many years of time, despite it is repeatedly voiced out in the AHSGCC meeting and agreed by the management team that these would be reviewed from time to time.

We decide to liaise with other allied health professionals and nursing disciplines to join force to express our concerns to HA, media, and the Bureau.

More to come...

## Radiographers Board

## New criteria for Application for Registration

With effect from 1 November 2015, the assessment criteria for Application of Radiographer Registration will be changed. Eligible applicants (particular those with non-local education) please refer to the Hong Kong Radiographers Board's webpage for details

[http://www.smp-council.org.hk/rg/en/content.php?page=reg\\_quareg](http://www.smp-council.org.hk/rg/en/content.php?page=reg_quareg)

## Member Benefit

Please observe this is the time to renew your membership for 2016. And HKRA members can now enjoy the privilege offered by the Association of Hong Kong Nursing Staff
