## **MESSAGE FROM CHAIRMAN**

2018 is a busy year for us. Just in the beginning, with the efforts of all EXCOs, we have compiled a membership benefit list which is quite comprehensive. We have tried to provide more options of welfare activities in this year. When we support more vendors/organisations in their conferences, we also provide more opportunities to learn. We have an agreement with HKCRRT to coordinate more academic events together. Another new service is the professional indemnity insurance, with HKRA member price, you can already enjoy protection from different areas of your daily work. We fight for years to change the frozen salary policy. And we finally win. In order to succeed in all these new developments and activities, we need

help from each other. Therefore the theme of this year will be #connect. A small gift for members bears this principle of connect in mind.

Lastly we will bid for the ISRRT 2022 World Congress to be held in Hong Kong and I will represent Hong Kong Radiography Community to compete with another seven countries. Hope that we can always connected and you can continue to support us in the future.

*Edward Wong*

## POH BOARD OF DIRECTORS VISITING PROFESSORSHIP 2018 EVENING SYMPOSIUM

## MEETING NEW EXCO MEMBER

It is my honour to be a member of HKRA committee, as a radiographer work in public organization, except providing professional service to numerous residents, continue to improve and develop our knowledges through various conferences and symposiums could widen our professional horizon. As I can see, our committee members are enthuse and give great contribute to association, it prompt me have much eager to devote in committee work. I will try to achieve my goal in coming time

Lilian Wu  
Welfare Secretary 17/19

Hi, I'm Siu Kit, the External Secretary of the Hong Kong Radiographers' Association (HKRA) for the year 2017-19. It's my honor to be newly invited as a member of Executive Committee team. I'm a diagnostic radiographer working in public hospital more than 20 years. Our profession gives us frustration sometimes. But it gives us challenge (excepts unreasonable workload) and satisfaction usually. We saw that there were great development and demand on our profession in past 20 years. However, our profession cohesion lagged behind a bit! I'm an extrovert and like to share joyful things with others. Just want to try our best to make members getting more fun and sense of belonging. We need member support ! Let see you and say hi in coming events.

Hui, Siu Kit  
External Secretary 17/19
